

## I Love Public Speaking Now!

My name is Meg and I am 14 years old.. I got in involved in GirlsMatter after becoming friendly with Mrs. Gene Duke and Total Image Club. GirlsMatter is very important because it keeps girls from shutting down at around age 16. Right now I am student coordinator of the organization. As a result of GirlsMatter I am now very outspoken and have the confidence to do anything I set my mind to. As a part of GirlsMatter I have done many things that will help me later in life. I might want to be a governor . I want to do this when I get older because I want to help people, I love public speaking, and I also think I would be a really good thing to do.
